FAIR LENDING STATEMENT

Federal law prohibits discrimination in connection with the origination of 1-4 family mortgage loans. The Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age, because an applicant receives income from a public assistance program, or because an applicant has in good faith exercised any right under the Consumer Credit Protection Act. Also, the Fair Housing Act prohibits discrimination in the sale, rental, and financing of dwellings, and in other housing-related transactions, based on race, color, national origin, religion, sex, familial status (including children under the age of 18 living with parents or legal custodians, pregnant women, and people securing custody of children under the age of 18), and disability. It is the responsibility of all TPO Partners and LHFS under the JetOn - Jumbo program to ensure that they adhere to these laws and their underlying principles in connection with mortgage loans under the JetOn - Jumbo program.

UNDERWRITING PHILOSOPHY

All loans must be prudently underwritten utilizing the JetOn - Jumbo program guidelines and industry standard best practices. All loans must be manually underwritten and fully documented

All loans submitted to LHFS must conform to the Underwriting Guidelines.

For scenarios not specifically addressed in the following Underwriting Guidelines, please contact your sales representative, transaction manager or underwriting.

ADDITIONAL REQUIREMENTS FOR P&L, BALANCE SHEET AND BUSINESS BANK STATEMENTS

LHFS and TPO Partners should apply due diligence and review the actions of the business and any impact the current economic environment has taken on the flow of income in order to determine if the borrower's income is stable and there is a reasonable expectation of continuance.

The underwriter must include comments/justification of their analysis to clearly explain their conclusion of the effect to the business. Due to the pandemic's continuing impact on businesses, lenders are now required to obtain the following documentation to support the decision that the self-employment income meets requirements:

- (1) An audited year-to-date P&L, no older than 60 days from the Note date, reporting business revenue, expenses, and net income up to and including the most recent month preceding the loan application date, and (2) a Balance Sheet; or

SMALL BUSINESS ADMINISTRATION (SBA) LOANS AND GRANTS REQUIREMENTS

The existence of a Paycheck Protection Program (PPP) loan or any other similar COVID related loan or grant could be helpful information in analyzing the borrower's business.

PPP loan terms allow deferred payments for a specified period, no personal loan guarantee, and the potential for all or some portion of the loan to be forgiven. Therefore, a payment for the PPP loan does not need to be included in the borrower's liabilities at this time. Once it has been determined that any portion of the PPP loan must be repaid, follow the requirements of the "[Employment and Income](#)" and "[Debts and Liabilities](#)" sections of these guidelines

Proceeds from the PPP loan must not be included as business income or assets.

- Proposed rental income from the comparable rent schedule may be used for qualifying if there is not a current lease or assignment of lease on purchase of an investment property.

Liabilities include but are not limited to all housing expenses, revolving debts, installment debts, other mortgages, rent, alimony, child support, and other consistent and recurring expenses. The TPO Partner must ensure that all liabilities are included in qualifying. This includes debts paid by another entity such as the borrowers business or debts being paid by a family member. Refer to the [Product Matrix](#) for the maximum allowable DTI.

INSTALLMENT DEBT

- Installment debt, including car lease payments, must be included in the qualifying ratio regardless of months remaining.
- Debt that is not a contingent liability must be included in the DTI. A contingent liability is defined as a debt paid by a party or entity other than the borrower where said party or entity and not the borrower is the primary obligor. If the borrower is the primary obligor on any liability the debt must be included in the DTI. Example: A borrower financed the purchase of an automobile for their business and the business pays the loan. If the loan is in the borrower's name this debt must be included in the DTI.

- Payments related to a 401(K) loan do not need to be included in total debt obligation.
- Child support and alimony payments with 10 months or less remaining do not need to be included in total debt obligation unless the debt effects the borrower's ability to pay the mortgage during the months immediately after loans closing.
- Installment debt may be paid off to qualify either before or at closing using cash-out proceeds.
- Gift funds may not be used to pay off debt to qualify.

REVOLVING DEBT

- All revolving debt is included for qualifying regardless of number of payments remaining.
- The monthly payment amount of a revolving account shown on the credit report may be used for qualifying.
- If the monthly payment amount of a revolving account is not shown on the credit report a payment of five percent (5%) of the balance may be used for qualifying.
- Payments may only be excluded if the account is documented as paid in full and closed.
- Revolving debt may be paid off to qualify either before or at closing using cashout proceeds. Documentation that the revolving debt has been paid off and the account is closed is required.

A contingent liability is defined as a debt paid by a party or entity other than the borrower where said party or entity is the primary obligor. If the borrower is the primary obligor on any liability the debt must be included in the DTI. Example: A borrower purchased an automobile for their business. The business pays the loan however the loan is in the borrower's name. This debt must be included in the DTI.

DECLINING MARKETS

Reduce maximum LTV/CLTV by 10% for any property located in an area of declining property values as reported by appraiser. Maximum 80% LTV/CLTV.

LAND-TO-VALUE

The property site should be of a size, shape, and topography that is generally conforming and acceptable in the market area. It must also have competitive utilities, street improvements, adequate vehicular access, and other amenities. Because amenities, easements, and encroachments may either detract from or enhance the marketability of a site, the appraiser must reflect them in his or her analysis and evaluation. The appraiser must comment if the site has adverse conditions or if there is market resistance to a property because the site is not compatible with the neighborhood or the requirements of the competitive market, and assess the effect, if any, on the value and marketability of the property.

APPRAISAL REQUIREMENTS

- LHFS will order appraisal (review appraisal required).
- All appraisals must be completed on the most current Agency appraisal forms as stipulated in the Investor's Guide and conform to Agency appraisal practices.
- Appraisals must not be over 120 days old from the date of the Note. If appraisal is over 120 days old a recertification of value needs to be performed. For new construction, an appraisal update on form 1004D is required.
- Two (2) full appraisals are required for loan amounts > 1.5 million. Appraisals assigned from another lender are not acceptable. LTV will be based on lower of the two values. All inconsistencies between the two appraisals must be addressed and reconciled.
- Appraisals assigned from another lender are not acceptable.

THIRD PARTY APPRAISAL REVIEW

- LHFS will order the review appraisal.
- A copy of the appraisal desk review report should be submitted in the loan file. The review must not be over 120 days old from the date of the Note.
- If the desk review produces a value in excess of a 10% negative variance to the appraised value, the loan is not eligible; provided, LHFS has the option to then ask Investor to order a Field Review to support the appraised value. If the field review also produces a value in excess of a 10% negative variance to the appraised value, then the loan will remain ineligible.
- All appraisals are reviewed for eligibility as well as value support. However, the use of an appraisal review product does not relieve LHFS of its representations and warranties relating to the property and the appraisal including the underwriting thereof.

PROPERTIES LOCATED IN A DISASTER AREA

The following is required for properties located in a FEMA declared disaster zone to be eligible:

- If the property is in a zone where a Disaster End Date has been declared by FEMA, Investor will order a post disaster inspection to confirm the property value has not been impacted by the disaster.

If the property is in a zone where a Disaster End Date has not been declared by FEMA, in addition to the above inspection requirement, a date and time stamped area map from a state or county agency or similar, showing the subject property in relation to the disaster area is required to evidence that the property is outside of current known fire boundaries.

ADDITIONAL LOAN ATTRIBUTES AND POLICIES

SUBORDINATE FINANCING

- New subordinate financing is permitted up to the maximum allowable LTV/CLTV (See [matrix](#)). Only institutional financing is permitted.
- The CLTV should be calculated using the unpaid principal balance on all closed-end subordinate financing and the full amount of any HELOCs (whether or not funds have been drawn).
- Subordination of an existing loan is permitted on purchase and rate/term refinance transactions up to the maximum allowable LTV/CLTV.
- Subordinate liens must not have negative amortization, no balloon within 5 years, and no prepayment penalties.
- In cases in which a HELOC is resubordinated to the subject mortgage, monthly amount on credit report will be used. If no monthly payment amount is shown on credit report, 1% minimum payment of the maximum line amount will be used for qualifying. A credit report supplement showing the minimum monthly payment is also acceptable. If HELOC has a zero balance and no draws within 24 months of application no payment is needed to be included in DTI. Withdrawal activity must be documented with a transaction history for the line of credit.

- Properties where the insurance coverage on the declaration page does not cover the loan amount must have a cost estimate from the insurance company or agent evidencing the property is insured for its replacement cost.
